

How many have you held today

Communicable  
diseases are  
transmitted through touch.

You can intercept  
that transmission by  
practising good hygiene.

Wash or sanitize your hands.  
Share kindness, not germs.

A Fresh & Clean managed washroom program is designed to give you peace of mind that your washroom will maintain the highest standards of cleanliness and hygiene [www.washroom.com.au](http://www.washroom.com.au)
